DESCRIPTION

A monument to curiosity and an invitation for the viewer to engage with the objects contained within. Its presence is created by the tension of delicate lightness contrasted with imposing size, and the interplay between light and shadow.

Crafted by hand from the finest materials, it is a cabinet like no other—the marriage of the artist's idealistic impracticality to the possibilities of industrial process.

SHOWN

Frame in bronze and Blackened Steel, Frosted Glass door panels, mirrored back panels, bronze legs, brass drawer faces, shelf tops and bottle racks in Blue Ink Leather.

* Available in more materials and finishes, please inquire
