Hot Rolled Steel, Black Walnut

SIZE

72" W x 20" D x 34" H

* Custom sizing available, please inquire

DESCRIPTION

The Connect Filing Cabinet was created to be equally elegant and functional in an office setting. The design expresses the process by which the piece is fabricated, with visible construction and fastening details that are integral to the final piece. Traditional joinery techniques are used in conjunction with mass manufacturing technology to create this unique metal cabinetry system. The result is refined but honest to the materials, and is meant to encapsulate the essence of the substrates while distilling them into a modern form.

SHOWN
